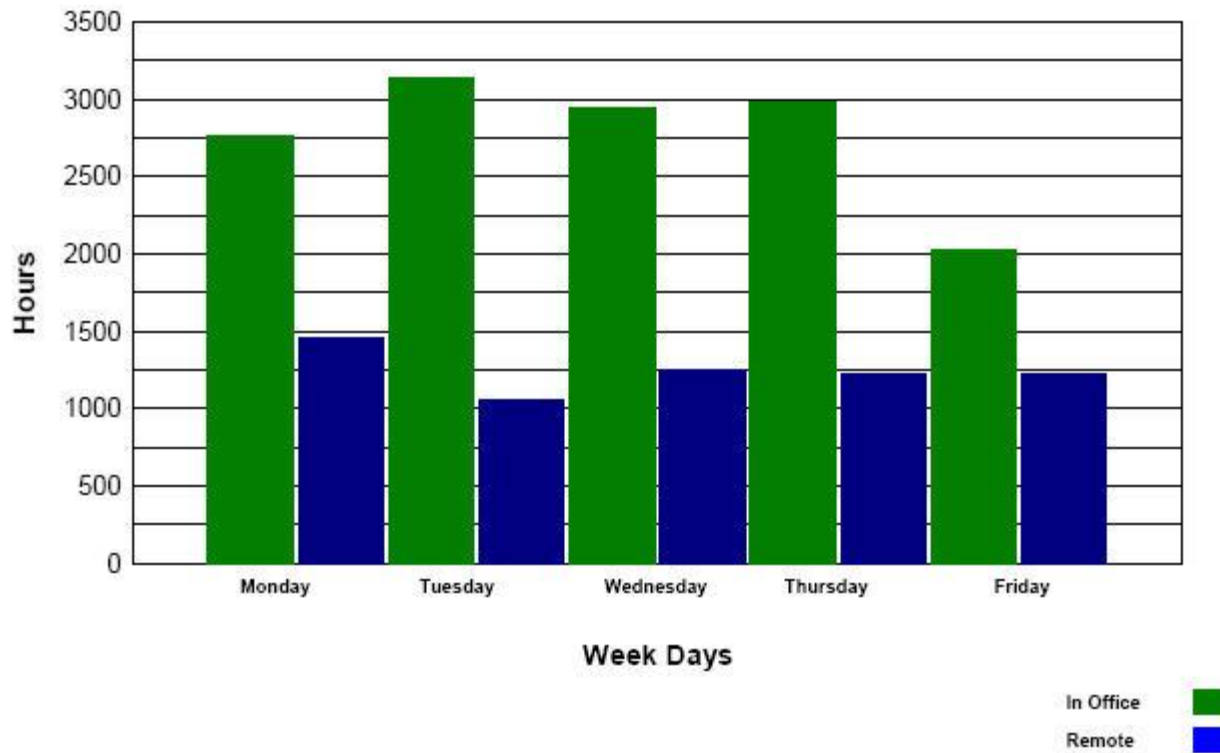

Graphic Analysis

Status Percent across all Arrangements

Status	Percent
Active	18.6%
Approved	3.1%
Completed	43.5%
Declined	3.9%
Ended	18.5%
Pending	8.1%
Submitted	4.4%
Total:	100.0%

This report provides an arrangement processing assessment – identifying the percent of arrangements in each phase or status. The size of submitted relative to Approved and Active is an indication of the pace of management review. The report could be filtered to focus on a specific Group, Location or other employee or arrangement attribute of interest.

Flexar

Total Hours In Office and Remote by Day of Week

Remote Work Only

This report provides an assessment of flex work type selection and use. Remote work involves all work performed out of the office and yet roughly 25 to 30% of the time is still "in office" for employees who selected this work type (for this company) and it is distributed almost equally over the days of the week.

Flexar

Arrangement Count by Age

Group	Count	Percent
1	84	40.58
2	74	35.75
3	49	23.67

This report provides the number and percentage of each Arrangements within each age group. It provides a snapshot of the demand for flexible work over time in the company.

pipersoft
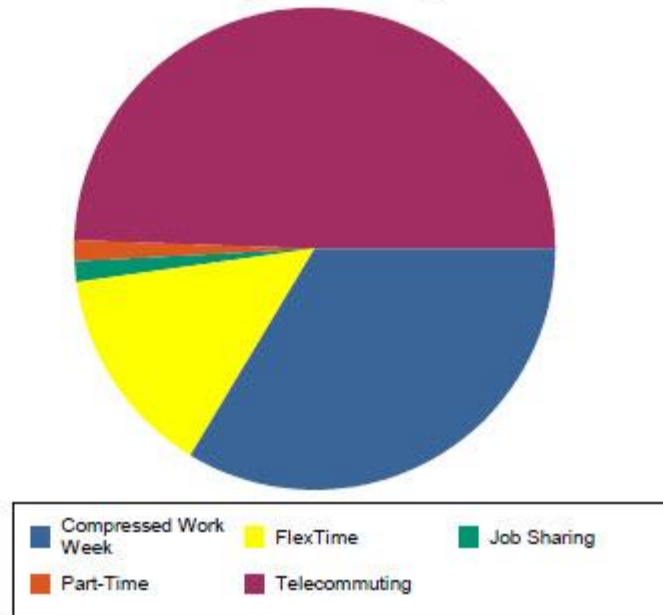

Flexar

Arrangement Count by Days to Process

This report provides the count and percentages of each range of days required to process proposals. Ideally, the 1st 3 intervals account for all proposals.

Group	Count	Percent
1	94	58.0
2	16	9.9
3	15	9.3
4	8	4.9
5	29	17.9

These numbers should improve over time, as flex work proposals and processing become part of the fabric of the company.
